

Compuload

On Board Weighing Systems

Compuload 1000

Features

- Specifically designed for forklift and small loader use
- Economic replacement for analogue scales
- Super compact design
- Simple operation
- Low cost digital indicator
- Australian made
- Avoid overloading
- Check weigh goods
- Back lit high visibility 12.5 mm display units
- Zero tare facility
- -10 to 60° operating temperature range
- 12 – 24 VDC compatible
- Input 20 – 100 mV
- Weight Less than 250 gms
- Provision for optional overload alarm
- Provision for optional overload shut down

Proven Rugged & Reliable...

Compuload weighing systems have proven themselves in all types of applications and environments since 1989. Compuload has 1000's of satisfied users.

The rugged design ensures continuous operation even when the going gets tough.

After continuous development we now introduce **Compuload 1000**. It is simple to operate and provides reliable and accurate readings.
